

## Troop 51 2014 Mulch Delivery Navigator Packet

March 22, 2014

All routes are printed in this packet and can be accessed online using your cell phone at <http://tinyurl.com/2014Troop51>. There you'll find an overview of the routes for all trucks as well as links to individual route pages. There's nothing there that isn't in this packet, however the online versions have the advantage of letting you click on the links for addresses as well as overall Google maps for entire routes. That should integrate with the GPS capabilities of your phone so you don't have to type the address in. An overview of the route page is below.
